POSITIVE CLASSROOM ATMOSPHERE PROJECT IN THE LIGHT OF JUSTICE

"Positive Classroom Atmosphere in the Light of Justice" project; It is an initiative that aims to strengthen the atmosphere of justice, rights, equality, positivity and positive learning in the educational environment. Project; It aims to create a positive environment in the classroom by strengthening teacher-student and student-student relationships, increasing student participation in class, creating a fair evaluation system and developing positive communication skills. Additionally, it adopts a comprehensive approach that includes elements such as respect for individual differences among students, justice, literacy, and emotional safety. The strategies included in the project are designed to increase student success and provide a learning experience. In this context, the project is constantly evaluated and managed in a way that is open to improvements.
